

SAMPLE RESUME

Kuldeep Kumar

Phone: +91-XXXXXXXXXX | Email: your.email@example.com | LinkedIn: linkedin.com/in/yourprofile

CAREER OBJECTIVE

Motivated Computer Science student specializing in Artificial Intelligence and Machine Learning, seeking opportunities to apply programming, machine learning, and problem-solving skills in real-world projects.

EDUCATION

B.Tech – Computer Science Engineering (AI & ML)
Raghu Engineering College | Expected Graduation: 2027

TECHNICAL SKILLS

Programming: Python, C
AI/ML: Machine Learning, NLP, Recommendation Systems
Backend: FastAPI, REST APIs
Database: SQL
Frontend: React, HTML, CSS
Tools: Git, GitHub, VS Code

PROJECT

AI-Powered Swipe-Based Job Discovery and Personalized Career Intelligence Platform

Technologies: Python | FastAPI | Machine Learning | NLP | React | SQL

- Built an AI-based platform for personalized job discovery and recommendation using user skills, interests, and job requirements.
- Developed swipe-based job matching functionality for quick job discovery and interaction.
- Created FastAPI REST APIs for user, job, recommendation, and application management.
- Implemented NLP/ML-based matching to improve job–candidate relevance and identify potential skill gaps.

CERTIFICATIONS

- AI Fundamentals – IBM SkillsBuild
- Microsoft AI Skills Fest 2026 Badge

STRENGTHS

Problem Solving | Quick Learning | Teamwork | Communication | Adaptability

DECLARATION

I hereby declare that the information provided above is true to the best of my knowledge.
